

What Whitney & Company is Doing in Response to the COVID-19 Pandemic

As a result of the COVID-19 Pandemic, Whitney & Company would like to assure our clients, business partners and team members, that we are doing everything we can to help prevent the virus from spreading during our day to day operations. As we all know, business must continue, but we will be taking extra steps to manage and monitor the situation as we continue to work with our clients on a daily basis.

- When you meet one of our team members or agents, they will not shake hands with you
- If visiting our office, there will be hand sanitizer and wipes available for use if required
- Business visitors have been prohibited from our office if coming from risk areas
- Continue to be diligent about our office cleaning routine
- When showing a property, we will be supplying hand sanitizer and disinfectant wipes for our clients as well as cleaning down door handles and other surfaces we may come in contact with
- Creation of a Communication Bulletin for employees outlining the situation and what Whitney & Company is doing in response to COVID-19

If you have any questions or concerns, please contact alisha.morel@whitneyre.com.

Regards,
The Whitney Team
